JOCO TOCO

Thank you for being our partner!

FORMESSE

Thanks to your generous support of €50,000, we will expand the Narupa Reserve by 50 hectares. This contribution will support wildlife protection, ecosystem restoration, and an estimated carbon capture of 862 tCO_2 per year. Strengthening the reserve also helps consolidate ecological connectivity across the eastern Andean slopes, one of Ecuador's most threatened and biologically important landscapes.
